

Account Linking

Link Java to Bedrock

Log in to the Lobby on Java Edition and type `/linkaccount [bedrockname]` and then login on your Bedrock Account and type `/linkaccount [javaname] [code specified]`

If you would like to unlink your account you can do `/unlinkaccount`

When linking Java - Bedrock all of your Bedrock account progress will be wiped as your Java Account will be the primary account.

Link Discord

Go to the [server-info](#) channel on discord and click "Link Minecraft Account", copy the code and do `/link` and then paste your code.

Link Twitch

Do `/drops` and then click the name tag in the bottom right then type your twitch username in chat. You can unlink your account by clicking the name tag again.
